Dear Sir,

I understand that until quite recently graduates of this College were admitted to the third year of Civil and Mechanical Engineering at Toronto University, on the same lines as they are admitted to McGill, but that owing to a few individuals not having come up to the desired standard in their Third Year, probably <sup>through</sup> lack of zeal, the above privilege has not been given so freely lately; in fact graduates have experienced difficulty in being recognised at all.

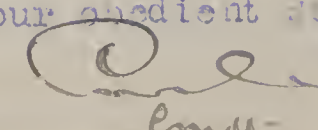

I would very much appreciate your efforts to re-obtain for us our former privilege ~~there~~, and would remind you how well recent graduates of this College have done, such for instance as:- G. Blackstock and D.H. Storms.

I feel quite sure if they again <sup>are</sup> recognised, the standard of work required of the individual <sup>will</sup> be maintained; I would take steps to bring this point to the notice of would be applicants for admission to your University.

I am,

Sir,

Your obedient servant.

UNIVERSITY OF TORONTO  
FACULTY OF APPLIED SCIENCE AND ENGINEERING

TORONTO, CANADA    May 21st 1914.

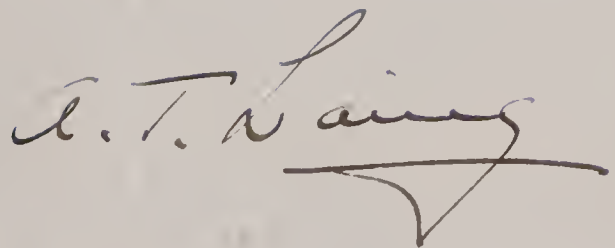

Dr. R. A. Falconer,  
President, University of Toronto.

Dear Mr. President:-

Regarding the enclosed letter from Colonel Carleton of the R. M. C. I beg to state that the Council has acceded to Colonel Carleton's request and will in the future until further notice, admit graduates to the third year in the departments of Civil Engineering, Mechanical Engineering and Electrical Engineering.

I have made a copy of the Colonel's letter which we are preserving for our records here.

Yours truly,

A handwritten signature in dark ink, reading "A. T. Laing". The signature is written in a cursive style with a large, sweeping "L" and a horizontal line under the name.

Colonel Carleton,  
Royal Military College,  
Kingston.

Dear Sir:

I referred to the Dean of the Faculty of Applied Science your letter of May 13th asking that the status of the graduate of the Royal Military College should be given more permanent and uniform recognition than at present. I am glad to say that the Dean informs me that after consideration the Council have acceded to your request and will in future until further notice admit graduates to the third year in the departments of Civil Engineering, Mechanical and Electrical Engineering. I hope that this accords with your desire.

Yours sincerely,

President.
